MEN – REBUILD, REPAIR AND MAINTAIN

Guy's grooming

That's the motto at Guys Grooming, a brand new venue in the heart of the city centre. Offering everything a man could need to look and feel a million bucks, Guys Grooming has been five years in the making, and owners Leicester and Nathan searched the world for an ideal venue before launching their flag-ship store in Perth.

Guys Grooming offers the 'whole package' to the refined Perth man. Start off at The Hair Care Bay, where clientele can experience an old style cut-throat shave to full premium wash, cut and style, or the revolutionary treatment called "colour camo" (as in camouflage) where men can get their grey subtly covered, just enough for wives to notice a sexy difference. Move on to The Workshop, where men can improve their skin condition with a

facial, de-stress from the footy match with a massage and even impress their hot dates with a wax. They also offer hand and feet detailing for the suave ultra smooth finish.

To finish off, check out their retail section for a wide range of Dermalogica, Redken for Men and American Crew male grooming products, so you no longer have to steal your girlfriend's stash and hope she doesn't notice her stock has dwindled.

Coordinated by Rebecca, the Grooming Director, all staff are fully trained and offer detailed knowledge of every product sold.

For the ultimate in luxury, visit Guys Grooming for the premium in male care with their functional, uncomplicated and masculine environment. A great way to de-stress and rejuvenate after a busy week. So make the most of your assets.
