Taking indulgence to the next level, Skatt has a 16m catwalk in the middle of the salon for regular fashion shows, a bar lounge area and a theatre room for clients to relax in while waiting for hair colours and treatments to do their work.

► **Spray tans begin at \$35 and facials at \$65 for a 45-minute session.**

Skatt also has a salon in Claremont and another opening this year in Mt Hawthorn.  
**38, Roe Street, Northbridge.**

### Guys Grooming

It is Perth's first salon that's a no-go zone for women.

"Guys are very simple and there hasn't been a male grooming venue that's been made for guys from a guy's point of view," Guys Grooming owner Leycester Cory says.

"We have a unique location for guys to go where they can feel completely comfortable with getting the necessary grooming treatment."

While a women's salon has hundreds of different treatments and price ranges, Mr Cory says Guys Grooming prides itself on keeping it basic.

Services include hair, massages, two types of facials, tidy-up to full body waxing and hand and foot detail for men who enjoy looking after themselves or need a confidence boost for an impending business meeting.

Guys Grooming wants to educate the modern man that it is acceptable, enjoyable and necessary to upkeep their appearance.

"Wash your face with a face wash instead of soap and put on a moisturiser with sunscreen, and that has huge benefits in the future," Mr Cory says.

► **Prices range from \$15-\$150.**
